Elite NH13 External Hard Drive

The NH13 portable hard drive for business users adopts the new generation USB 3.0 transmission specification, with transfer rates up to 109MB/sec. This is three times faster than most USB 2.0 hard drives available in the market. In addition to speed, the NH13 has a fine brushed metal surface with a matching streamlined design, giving an overall appearance of slimness and elegance. The result is a striking and fashionable accessory for business users.

Features

- Fashionable and elegant design
- Smart impact resistant design extends product life
- Free-download Applications
- SuperSpeed USB 3.0 interface
